If you cannot find it at Bozarth's it's not in Williamsburg, if it's hardware you are after.

Norge.

Norge, Va., April 10—The baseball enthusiasts of Norge and Toano were very much elated over the scrappy game of ball that was pulled off here last Friday. When the writer said "scrappy" he meant it only in a baseball sense. But nevertheless it was both "scrappy" and "snappy," considering the practice that each team had, which was none for the Norge team and you may say none for Toano boys, as this was their first game. The game was a battle royal from the start and was filled with plays that would do credit to most any amateur team. The final score was 3 to 2 in favor of Norge. The line up follows:

Norge	Toano
Connoughton.....c.....	Branch
Graves.....p.....	Martin, E
Wright, A.....1 b.....	Meanley
Flatten.....2 b.....	Marable
Connoughton, L 3 b.....	Hankins
Spicer.....s.....	Jennings
Kinde.....r.....	Woodward
Wright, T.....c.....	Clay

Score by innings:
1 2 3 4 5 6 7 8 9

Lightfoot.

Lightfoot, Va., April 9—The Ladies' Aid met Thursday afternoon at Mrs. K. Levorsen's.

Mr. W. M. Pettitt seems to have discovered a good place to keep his fence posts. He has them strung out in the middle (or very near the middle) of one of our most traveled public roads. However, the posts cannot remain there much longer as the people object to having their roads blocked in this fashion. Some say it would be a good idea to pitch them into the briars by the roadside, while another suggested selling them at the next public sale. Either plan would be welcomed by all who travel this road.

The Young Peoples' Lutheran Union met Saturday evening at the home of Mr. K. Levorsen, near here. Misses Volneberg and Clara Christopherson came home Saturday evening from Portsmouth. They returned to that city Tuesday morning.

Are Microbes In Your Scalp?

It Has Been Proved That Microbes Cause Baldness.

Professor Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebum, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots, and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently help to restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by aiding in making every hair root, follicle, and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1.00. Remember, you can obtain it in Williamsburg only at our store—The Rexall Store. The Williamsburg Drug Co.
